

## Excerpts from **Public Health England (PHE) South West comms protocol for educational settings**

(V006 SW Centre educational settings comms protocol 180820)

### Introduction:

PHE SW centre works in partnership with local authority colleagues to support schools, early year settings, universities and other education establishments in managing cases and outbreaks of COVID-19.

As part of our ongoing role in infection prevention and control, PHE will host regular webinars for LA and school staff to provide an opportunity to ask questions and share experiences, as well as learn about how outbreaks and cases are managed.

1. Principles of infection prevention

### Additional guidance:

- [Early years and childcare: coronavirus \(COVID-19\)](#)
- [Education and childcare](#)
- [What parents and carers need to know about schools and other education settings during the coronavirus outbreak](#)

### NHS resources and videos:

- [Handwashing for teachers](#)
- [Handwashing for children](#)
- [Coronavirus factsheet for kids](#)

PHE resources for children:

- YouTube videos explaining infections to children:
  - [How can I stop germs?](#)
  - [How can a body fight germs?](#)
  - [How do germs spread?](#)

Further Resources:

- [My Hero is You](#): A book that aims to help children understand and come to terms with COVID-19. This explains how children can protect themselves, their families and friends from coronavirus and how to manage difficult emotions when confronted with a new and rapidly changing reality.
- [The Stay Home Superheroes](#): An online ebook about the importance of staying at home and how this is helping to stop the spread of the virus.
