

Childcare Matters

Childcare Matters is our national programme of free information sessions for all types of early years and childcare providers. The programme will visit around 20 different local areas across England during the year.

Delivering early years and childcare is a challenging task, which has included lots of change in recent months. The sector has worked hard to embrace new changes and meet the challenges they present. Childcare Matters events offer opportunities to come together in local areas to share learning and discuss current issues related to early education and childcare.

This FREE interactive information sessions is designed to provide a timely update for experienced staff, and a comprehensive overview for new team members. The event will also offer time to network, connect, and work with other providers.

We will:

- Provide updates from Childcare Works, local authorities, and recent research.
- Focus on all early years and childcare entitlements: 30 hours, three- and four-year-olds, and two-year-olds, and the needs of least advantaged families.
- Discuss current issues and agree messages to be shared with the Department for Education (DfE) via Childcare Works.

Tuesday 18th June 2019, 6.30pm for registration and refreshments, 7pm start, at The Old Library, Merley House, Merley House Lane, Wimborne, BH21 3AA

Booking essential

To book your places, please visit:

<https://www.eventbrite.co.uk/e/childcare-matters-bcp-tickets-61154426536>

Here you can register, add the event directly to your calendar, and see who else is attending. Please remember to state your role, organisation and your local authority area when booking.
