RD also went through the results for the recent consultation for these improvements and next steps. It was noted that there had been 280 responses to the consultation. The Ward Councillors fully support the improvements to the precinct. There was a discussion about whether to allow cycling in the precinct there was no decision made with regards to this. There was a discussion about the	

	<p>shared space project- due to concerns from vulnerable groups there is a need for further consultation and engagement. There were concerns that a shared space with a formal crossing was a mixed message and could produce problems for both pedestrians and motorists. It was asked if trunking could be laid in the road for a formal crossing at a later date if needed. TW instructed RD to contact Ben Hamilton-Bailie to undertake some detailed consultation work in early in the New Year.</p>	<p>RD</p>

This now needs to be looked at as a long term vision.</p> <p>Community Finance Initiative SJ gave an overview of the Community Finance Initiative which will start in January 2014. A team has now been recruited to undertake this work. It will target small businesses to provide business loans and help local first time buyers acquire mortgages with a 5% deposit. Outcomes will hopefully be defined by the second quarter of 2014 and will be brought back to this group. Achieve Together have been accepted as a 'Strive- Cradle to Career' Community, an American concept to improve educational outcomes. This is the first group to be accepted outside of America. CW</p>	<p>DC</p>
