EINA Screening Record

Title of Policy/Service/Project	Traffic Regulation Order Description Amendment 2013
Date of screening	14/01/2014
Service Unit	Planning, Transport & Regulation
Lead Responsible Officer	Jamie Griffiths
Job Title	Team Leader - Traffic Management
Members of the Assessment Team	Jamie Griffiths, Gary Powell

If the answers to the following questions are Yes or Don't know, then a full EINA will need to be carried out.

Is there likely to be a positive or negative impact in terms of equalities?	No
Does it involve a significant commitment of resources?	No

It is not necessary at the screening stage to identify adverse or differential impact

It is important to remember that even when it is decided that a policy/service/project does not require an EINA, it remains subject to the general duties. Not carrying out a full EINA places our council at greater risk of legal challenge because it cannot use the EINA process to meet our [Public Duties](#) around equality. It also means, more importantly, that opportunities may have been missed to promote equality.

If you have answered no to the questions above and do not intend to carry out an EINA, please explain why?

Table 1 - Suggested criteria on which to score the type of project (please tick appropriate category)					
CRITERIA				Score

2) Effort	1-4 people (FTE) <input checked="" type="radio"/>	5-10 people (FTE) <input type="radio"/>	11+ people (FTE) <input type="radio"/>	1	
3) Business Impact	Service Unit/Service <input type="radio"/>	More than 1 SU <input type="radio"/>	Council/External <input checked="" type="radio"/>	10

5) Costs &/or Savings	Up to £250k <input checked="" type="radio"/>	£251k-£500k <input type="radio"/>	Over £501k or if project is to be funded through prudential borrowing <input type="radio"/>	2	
6) Risk Impact	Low Impact - Minor service disruption/inconvenience, minor injury, small financial loss, isolated service user complaint. <input checked="" type="radio"/>	Medium Impact - Service disruption, More serious injury or financial loss, adverse media coverage, numerous service user complaints <input type="radio"/>	High Impact - Significant or total service disruption, major disabling injury or fatality, high or catastrophic financial loss, adverse national media coverage, ministerial intervention in service running. <input type="radio"/>	1	
				Risk Score	22

A numerical rating is applied to each cell (see Table 1) For example a 'Priority' of 'Highly Desirable' is worth 3 points and a 'Cost' of '£501-£1m' is worth 5 points. Totalling the points scored for each 'criteria' gives a project score. This score is then mapped against a project-risk status in Table 1 below:

Table 1 - Risk Status	
Project Risk Rating	Points Total
Low	Between 10-18
Medium	Between 19-35
High	36+
