Subject: Boxcombe & Pokesdown Neighbourhood Plan - Highways England response

Dear Planning Policy team

Thank you for providing Highways England with the opportunity to comment on the submission draft of the Boscombe and Pokesdown Neighbourhood Plan.

Highways England is responsible for operating, maintaining and improving the strategic road network which in this instance consists of the A31 which runs some distance to the north of the plan area. We are therefore satisfied that the proposed plan policies are unlikely to result in development which will impact on the SRN and we therefore have no comments to make. However, this response does not prejudice any future responses Highways England may make on site specific applications as they come forward through the planning process, and which will be considered by us on their merits under the prevailing policy at that time.

Kind regards
Gaynor
